

FACULTY LIST

Moderator

Lisa Chen, MD
Medical Director/TB COE
Principal Investigator
Curry International Tuberculosis
Center
University of California, San
Francisco
San Francisco, CA

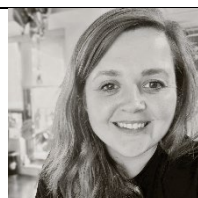

Dr. Lisa Chen is a Professor of Medicine in the division of Pulmonary and Critical Care Medicine at the University of California San Francisco. She heads the Curry International TB Center at UCSF, which has served as a CDC Center of Excellence for TB training, education, and consultation for the past 30 years. She is the current president for the North American Region International Union Against Tuberculosis and Lung Disease (NAR IUATLD) and serves on the Coordinating Board for STOP-TB USA and the federal DHHS Advisory Council for the Elimination of TB. Dr. Chen's international contributions for over 15+ years have been as a technical program advisor and education specialist for the development and strengthening of national programmatic management of drug-resistant tuberculosis (PMDT), has served as a contributor/reviewer for both domestic and international guideline on DR-TB, and has been the co-editor for the last two editions of the CITC Drug-Resistant TB Survival Guide.

Presenters

James 'Jay' Johnston, MD, MPH, FRCPC
Clinical Professor (Medicine)
University of British Columbia
Vancouver, Canada

Dr. Jay Johnston is Evaluation Lead at TB Services at the BC Centre for Disease Control, and Clinical Professor of Respiratory Medicine at UBC in Vancouver, Canada. He is the incoming president of the North American Region of The Union.

Kamila Romanowski, PhD, MPH
Research Epidemiologist
Provincial TB Services, BC Centre
for Disease Control,
Vancouver, Canada

Kamila Romanowski, PhD is an epidemiologist with extensive experience in operational research, big data analysis, and evidence synthesis. She earned her PhD from the University of British Columbia, where her research focused on the long-term impacts of TB on healthcare utilization and the development of a post-TB care package to support individuals completing TB treatment. She is currently a Postdoctoral Fellow in the Department of Global Health at McGill University.
